Family Home With Distant Sea Views
St. Helier, Jersey

FAMILY HOME WITH DISTANT SEA VIEWS

We are delighted to offer this modern family home located on the outskirts of St. Helier, boasting distant sea views and woodlands from the rear.

The ground floor offers a separate kitchen, spacious sitting room, and separate dining room, which is perfect for entertaining, a versatile office space and a sunroom leading to a good-sized South-facing Garden, which overlooks woodlands and the sea beyond. There is also a convenient cloakroom on this level.

Upstairs, there are two double bedrooms with the main bedroom enjoying distant sea views, a generous single bedroom with a built-in wardrobe, and a shower room.

The property also benefits from a floored attic, providing ample storage space.

Additionally, the property features a single garage and parking for three cars.

Properties nearby have converted their garages into living space, therefore should the new owners wish to, this could create further accommodation, e.g. a further reception room or ground floor bedroom (subject to planning permission).

Situated on the outskirts of town, it offers easy access to local amenities, a primary school, parks, and the beach.

This wonderful property is ready for a new family to call home.

A scenic landscape photograph featuring a clear blue sky with wispy white clouds. In the foreground, there are several tall, slender palm trees with spiky green fronds. To the left, a large, dark green pine tree stands prominently. In the bottom left corner, a wooden pergola structure is visible. The middle ground shows a dense line of green trees and shrubs. In the background, a turquoise body of water stretches across the horizon, with a small island or headland visible in the distance. The overall scene is bright and sunny, suggesting a coastal or tropical setting.

Hunt Estates
